

## 4's and 5's Newsletter July 2022

Dear Parents/Guardians,

We enter the month of July full of joy and fun. We hope that everyone has a fun and safe fourth of July with family and friends. We have a lot of fun-filled activities and learning ahead of us this month! Our theme for the month will be camping, transportation, and insects. We will start off with camping and correspond with insects that we can find while camping or out in nature. Some of our kiddos wanted to learn about transportation so we will squeeze this topic into this month as well. It is important for them to know and understand why there are so many options for transportation and what they are used for. We will be doing lots of fun activities that go along with our themes for the month. Also, for the summer school kiddos that are coming back, we are happy to see you again!
